ATANAS KAMBITOV
Software Engineer

PROFILE

I offer 4 years of experience in development, currently working as a Software Engineer in Coventry UK.

I am open and available for new opportunities in Switzerland.
My goal is to keep growing my career specifically as a Full-Stack Software Engineer.

Programming is my passion, I am highly motivated, focused, with a lot of will to keep learning.

I believe in hard work, desire and constant dedication.

EDUCATION

South-West University "Neofit Rilski"
15/09/2014 - 25/05/2017
Bachelor degree of Informatics.

Private Software University (SoftUni)
05/12/2016 – 21/12/2018
Professionally graduated and qualified C# and JavaScript developer.

WORK EXPERIENCE

Sainsbury's Store Support Centre | Software Engineer
03/12/2018 – Now
Design and build multiple integration systems and scaled dockerised micro services with several programming and clouding technologies.
I put in more hours, desire, and dedication in order to perform and quickly deliver quality code.

SoftUni | Junior Web Developer
05/12/2016 – 21/12/2018
Create, host and maintain backend API's, databases and frontend apps.
I had the opportunity to work on many projects with deferent technologies, languages and frameworks.

Paolo Pavia | Prestashop & WordPress Developer
11/05/2015 – 19/05/2016
Develop, support and refactor websites related to shopping, advertisement and promotion.
I was able to learn faster and perform better than any other colleague.
